

Application for patronage of a secondary School

The Department of Education and Skills has announced plans for the establishment of six post-primary (secondary) schools to open in September 2020 and has invited patron bodies to apply for patronage of these schools.

The Islamic Foundation on Ireland (IFI) as a recognised patron body has applied for patronage of the planned school for Blanchardstown West, D15 and Blanchardstown Village D15 (See map below of catchment area of the school.)

The school is to cater for children living within the school area who are due to commence their post-primary education from 2020 onwards.

Parental preference is central to the process of choosing the patron body. An online Patronage Process system has been developed by the Dept. of Education to provide information to all parents. Parental preference (of the patron body) will be submitted by parents online.

School info:

Size: (pupils): 800.

Ethos: Islamic (if successful.)

Type: co-education.

Please make the Islamic Foundation of Ireland your choice for the patron body of the school.
